PROFESSIONAL PROFILE

Junior web developer training in Web Application Development (DAW), with a prior background in Networked Computer Systems Administration (ASIR). Four years of professional experience as an IT technician have given me a solid foundation in problem-solving, client relations and technical responsibility, which I now apply to software development. International experience in Poland through Erasmus+, working in English in a multicultural environment. I have built several full-stack web projects of my own (PHP, MySQL, HTML/CSS/JavaScript) and I am learning React and Vue to broaden my front-end profile.

PROFESSIONAL EXPERIENCE

IT Technician — Network & Computer Technologies S.L., Las Palmas de Gran Canaria 06/2021 – 06/2025

- Maintenance, set-up and technical support of computer equipment and systems for client companies.
- Installation and configuration of network cabling and video surveillance systems.
- Diagnosis and resolution of technical incidents, dealing directly with clients and managing priorities.
- A foundation of technical discipline, attention to detail and independent work that I now apply to software development.

FEATURED PROJECTS

PrimeTitan — full-stack web application (PHP, MySQL, HTML/CSS/JavaScript)

- Authentication system with users and roles, and language and theme preferences.
- Product management, wishlist, ratings and user workout routines.

Café Origen website / Vórtice website — HTML, CSS, JavaScript

- Interface design and web experiences focused on the end user.

Other portfolio projects — Afterglow (AuraDonuts), Rick and Morty, Space Tourism, Kigumi, Mirage, Seuil

- Academic front-end, back-end, database and programming logic projects.

React · Vue

Programming

Java · Object-oriented programming · Logic · Debugging

Databases

MySQL · Database design and management

Tools

Git · GitHub

Systems / IT

Computer maintenance · Networking · Cabling · Video surveillance

LANGUAGES

Spanish

Native

English

B2

DRIVING LICENCES

Car

B licence

Motorcycle

A2 licence

PERSONAL PROFILE

Responsible, punctual and comfortable dealing with the public. I learn quickly and adapt easily to new environments, tools and teams, staying calm and organised even under tight deadlines. Comfortable working both independently and as part of a team, with a constant interest in continued learning.
